Keeping laundry simple with natural baking soda formula

- Pure baking soda removes odors
- Natural laundry booster proven to clean in hot or cold water
- Plant-based stain remover
- Water softening agent improves performance in hard or soft water
- Clear formula, no dyes
- Spring Breeze Scent

Directions

1. Pre-treat tough stains. Apply Brisk® Essential 6 full strength onto the stain, rub firmly and add to the washload.

NOTE: Always check the care label of the garment you are washing. Be sure to test colorfastness by pre-soaking and inside seam. Do not mix with fabric softeners containing vinegar, as excessive sudsing may occur.

2. Select water temperature and washing machine cycle from the garment's care instruction label. Special soil dispersants in Brisk® Essential 6 get clothes clean in any water temperature. Hot or Cold.

3. For medium size loads — 3 pump strokes (about 1/3 cup) into a cup. For large loads, heavily soiled clothes or when washing in hard water — 4 pump strokes (1/2 cup).

4. Add Brisk® Essential 6 as the washing machine fills with water. Then add clothes. If bleach is desired, add bleach after the wash cycle has begun.

NOTE: Safe for all washing machines, including standard and high efficiency.
